

Ewellix Bulgaria EOOD REACH Declaration

REACH Compliance declaration in accordance to Regulation (EC) No 1907/2006

REACH Regulation and Substances of Very High Concern within Ewellix Bulgaria EOOD

Dear customers,

Ewellix Bulgaria EOOD is complying with the REACH regulations as they come into effect. We are predominantly a downstream user of chemicals as defined in the regulations. Ewellix Bulgaria EOOD is complying by communicate both up and down the supply chain to ensure the continuity of supply of substances and preparations that are approved and safe to use.

One section in the REACH regulations is about so called substances of very high concern (SVHC). Such substances, as defined in REACH annex XIV, are dangerous and can be made subject of authorization. Restricted substances will finally appear in REACH annex XVII.

We supply articles such as actuators, telescopic pillars and control units etc.

Our policy is to map the use of SVHC in our products as the Candidate List is updated with new substances, and if possible, eliminate or substitute them.

To the best of our knowledge the products delivered by Ewellix Bulgaria EOOD to your company, do not contain any SVHC above 0,1% except for:

- Lead in used aluminium, steel and copper alloys, CAS No. 7439-92-1
- Octamethylcyclotetrasiloxan (D4), CAS No. 556-67-2
- Decamethylcyclotetrasiloxan (D5), CAS No. 541-02-6
- Dodecamethylcyclohexasiloxan (D6), CAS No. 540-97-6
- Imidazolidine-2-thione, CAS No. 96-45-7
