SECTION 1: Identification of the substance/mixture and of the company/undertaking

1.1 Produ	ct identifier		
Produ	ict name	:	OKS 473
1.2 Releva	ant identified uses of th	ne s	ubstance or mixture and uses advised against
Use o Subst	f the ance/Mixture	:	Grease
Recor on use	mmended restrictions e	:	Restricted to professional users.
1.3 Details	s of the supplier of the	saf	ety data sheet
Comp	pany	:	OKS Spezialschmierstoffe GmbH Ganghoferstr. 47 82216 Maisach-Gernlinden Deutschland Tel.: +49 8142 3051 500 Fax: +49 8142 3051 599 info@oks-germany.com
	il address of person nsible for the SDS	:	mcm@oks-germany.com
Natior	nal contact	:	

1.4 Emergency telephone number

Emergency telephone	:	+49 8142 3051 517
number		

SECTION 2: Hazards identification

2.1 Classification of the substance or mixture

Classification (REGULATION (EC) No 1272/2008)

Long-term (chronic) aquatic hazard, H411: Toxic to aquatic life with long lasting effects. Category 2

2.2 Label elements

Labelling (REGULATION (EC) No 1272/2008)

according to Regulation (EC) No. 1907/2006, as amended by Commission Regulation (EU) 2020/878 - DE

OKS 473					
Version 2.0	Revision Date: 07.02.2025		ate of last issue: 27.7 ate of first issue: 02.0		Print Date: 19.05.2025
Hazar	d pictograms	:	¥2		
Hazard statements		:	H411	Toxic to aquatic life wit	h long lasting effects.
Precautionary statements		:	Prevention: P273 Response:	Avoid release to the er	nvironment.
			P391	Collect spillage.	

2.3 Other hazards

This substance/mixture contains components considered to be either persistent, bioaccumulative and toxic (PBT), or very persistent and very bioaccumulative (vPvB).

Ecological information: The substance/mixture does not contain components considered to have endocrine disrupting properties according to REACH Article 57(f) or Commission Delegated regulation (EU) 2017/2100 or Commission Regulation (EU) 2018/605 at levels of 0.1% or higher.

Toxicological information: The substance/mixture does not contain components considered to have endocrine disrupting properties according to REACH Article 57(f) or Commission Delegated regulation (EU) 2017/2100 or Commission Regulation (EU) 2018/605 at levels of 0.1% or higher.

SECTION 3: Composition/information on ingredients

SECTION 4: First aid measures

4.1 Description of first aid measures

If inhaled

: Remove person to fresh air. If signs/symptoms continue, get medical attention.

Keep patient warm and at rest.

OKS 47	/3		
Version 2.0	Revision Date: 07.02.2025	Date of last issue: 27.11.2023 Date of first issue: 02.05.2016	Print Date: 19.05.2025
		If unconscious, place in recover advice. Keep respiratory tract clear. If breathing is irregular or stoppe respiration.	
In ca	ase of skin contact	: Remove contaminated clothing. medical attention. Wash off with soap and water. Wash clothing before reuse. Thoroughly clean shoes before	
In ca	ase of eye contact	: Rinse immediately with plenty or for at least 10 minutes. If eye irritation persists, consult	-
lf sw	allowed	 Move the victim to fresh air. If unconscious, place in recover advice. Keep respiratory tract clear. Do not induce vomiting without not induce vomiting by mouth to 	medical advice.
4.2 Most	important symptom	s and effects, both acute and delayed	
Sym	ptoms	: No symptoms known or expecte	ed.
Risk	S	: None known.	
4.3 Indic	ation of any immedia	ate medical attention and special treat	ment needed
	atment	: Treat symptomatically.	

SECTION 5: Firefighting measures

5.1 Extinguishing media			
Suitable extinguishing media	:	Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide.	
Unsuitable extinguishing media	:	High volume water jet	
5.2 Special hazards arising from the substance or mixture			

Hazardous combustion	: Carbon oxides	
products	Nitrogen oxides (NOx	()
	Metal oxides	

Version 2.0	Revision Date: 07.02.2025		e of last issue: 27.11.2023 e of first issue: 02.05.2016	Print Date: 19.05.2025
5.3 Advi	ce for firefighters			
	cial protective equipme irefighters	nt :	In the event of fire, wear self-cont Use personal protective equipment decomposition products may be a	nt. Exposure to
Fur	her information	:	Standard procedure for chemical Collect contaminated fire extingui must not be discharged into drain	shing water separately. This

SECTION 6: Accidental release measures

6.1 Personal precautions, protectiv	ve equipment and emergency procedures
Personal precautions :	Evacuate personnel to safe areas. Ensure adequate ventilation. Do not breathe vapours, aerosols. Refer to protective measures listed in sections 7 and 8.
6.2 Environmental precautions	
Environmental precautions :	Do not allow contact with soil, surface or ground water. If the product contaminates rivers and lakes or drains inform respective authorities.
6.3 Methods and material for conta	inment and cleaning up
Methods for cleaning up :	Pick up and transfer to properly labelled containers.

6.4 Reference to other sections

For personal protection see section 8.

SECTION 7: Handling and storage

7.1 Precautions for safe handling	
Advice on safe handling :	Avoid contact with skin and eyes. For personal protection see section 8. Smoking, eating and drinking should be prohibited in the application area. Wash hands and face before breaks and immediately after handling the product. Do not ingest. Do not repack. These safety instructions also apply to empty packaging which may still contain product residues. Keep container closed when not in use.
Hygiene measures :	Wash face, hands and any exposed skin thoroughly after

Version 2.0	Revision Date: 07.02.2025		e of last issue: 27.11.2023 e of first issue: 02.05.2016	Print Date: 19.05.2025	
			handling.		
7.2 Cond	itions for safe storag	e, inc	luding any incompatibilities		
Requirements for storage areas and containers		:	Store in original container. Keep container closed when not in use. Keep in a dry, cool and well-ventilated place. Containers which are opened must be carefully resealed and kept upright to prevent leakage. Store in accordance with the particular national regulations. Keep in properly labelled containers.		
Stora	Storage class (TRGS 510) : 11, Combustible Solids				
7.3 Specific end use(s) Specific use(s) :		Specific instructions for handling,	not required.

8.2 Exposure controls

Engineering measures

Eye/face protection

none

Personal protective equipment

Hand protection		
Material	:	Nitrile rubber
Break through time	:	> 10 min
Protective index	:	Class 1

Remarks : For prolonged or repeated contact use protective gloves. The break through time depends amongst other things on the material, the thickness and the type of glove and therefore has to be measured for each case. The selected protective gloves have to satisfy the specifications of Regulation (EU) 2016/425 and the standard EN 374 derived from it.

Guinea pig
Does not cause skin sensitisation.
OECD Test Guideline 406
Does not cause skin sensitisation.

O,O,O-triphenyl phosphorothioate:

Assessment

: Does not cause skin sensitisation.

Amines, C12-14-alkyl, isooctyl phosphates:

Species	:	Guinea pig
Assessment	:	Did not cause sensitisation on laboratory animals.
Method	:	OECD Test Guideline 406
Result	:	Did not cause sensitisation on laboratory animals.
GLP	:	yes

according to Regulation (EC) No. 1907/2006, as amended by Commission Regulation (EU) 2020/878 - DE

Repeated dose toxicity

Product:

Remarks

: This information is not available.

Components:

White mineral oil (petroleum):

NOAEL	:	1.800 mg/kg
Exposure time	:	90 d

Aspiration toxicity

Product:

This information is not available.

Components:

2,6-di-tert-butyl-p-cresol:

No aspiration toxicity classification

Dec-1-ene, homopolymer, hydrogenated:

No aspiration toxicity classification

White mineral oil (petroleum):

No aspiration toxicity classification

11.2 Information on other hazards

Endocrine disrupting properties

Product:

Assessment

: The substance/mixture does not contain components considered to have endocrine disrupting properties according to REACH Article 57(f) or Commission Delegated regulation (EU) 2017/2100 or Commission Regulation (EU) 2018/605 at levels of 0.1% or higher.

Further information

Product:

Remarks

: Information given is based on data on the components and the toxicology of similar products.

SECTION 13: Disposal considerations

13.1 Waste treatment methods	
Product :	The product should not be allowed to enter drains, water courses or the soil. Do not dispose of with domestic refuse. Dispose of as hazardous waste in compliance with local and national regulations.
	Waste codes should be assigned by the user based on the application for which the product was used.
Contaminated packaging :	Packaging that is not properly emptied must be disposed of as the unused product. Dispose of waste product or used containers according to local regulations.
	The following Waste Codes are only suggestions:
Waste Code :	used product, unused product 12 01 12**, spent waxes and fats
	uncleaned packagings 15 01 10*, packaging containing residues of or contaminated by hazardous substances

This safety data sheet applies only to products as originally packed and labelled. The information contained therein may not be reproduced or modified without our express written permission. Any forwarding of this document is only permitted to the extent required by law. Any further, in particular public, dissemination of the safety data sheet (e.g. as a document for download from the Internet) is not permitted without our express written consent. We provide our customers with amended safety data sheets as prescribed by law. The customer is responsible for passing on safety data sheets and any amendments contained therein to its own customers, employees and other users of the product. We provide no guarantee that safety data sheets received by users from third parties are up-to-date. All information and instructions in this safety data sheet have been compiled to the best of our knowledge and are based on the information available to us on the day of publication. The information provided is intended to describe the product in relation to the required safety measures; it is neither an assurance of characteristics nor a guarantee of the product's suitability for particular applications and does not justify any contractual legal relationship. The existence of a safety data sheet for a particular jurisdiction does not necessarily mean that import or use within that jurisdiction is legally permitted. If you have any questions, please contact your responsible sales contact or authorized trading partner.
